

ottolire
RESORT

Ottolire Resort tells the story of an intense relationship with the proper stone of Itria Valley; a stone that has created dry walls, flagstones, even homes like *Trulli* and *Cummerse*.

Ottolire Resort is the story of a family with a strong inclination for the recovery and conservation of stone buildings, typical of Itria Valley.

In 1973, Michele (nicknamed “ottolire”) and Vita, little more than eighteen, were literally fascinated by a group of ruined trulli and bought them. With unlimited sacrifices and a lot of work they brought them back to life, taking advantage of the experience of his grandfather and the great-grandfather, both involved in the construction of trulli. Their sons, Erasmo and Antonella, grew here. Fortyfive years later, Erasmo and Antonella with Anastasia and Angelo, have brought once again this wonderful place back to life.

The resort is embraced by a lush private forest of oaks and Mediterranean plants, in a maze of paths between dry stone walls and trulli of Itria Valley. The swimming pool surrounded by olive trees and local vines will be the ideal place to spend relaxing days and drink aperitifs and cold-pressed juices with a Mediterranean flavour.

The 20 Suites are the product of the study of shapes and ancient materials, they have been built by the local artisans to make every space modern, unique and welcoming.

Each suit has its own characteristics and spaces and is provided with every comfort.

Enjoy the mosaic of flavours that is the Italian cuisine at our restaurant, with typical dishes that reflect the abundance of Apulia’s landscape. The terrace’s scenic view, surrounded by olive trees and vineyards, is the ideal location for unforgettable events.

A specialized Trullo hosts a dedicated wellness area, complete with a hot tub, a Turkish bath and a sensory shower experience. Here our therapists will customise your treatments — for individuals or couples — offering a variety of massages and body care.

Ottolire offers jogging, hiking, yoga, pilates and cycling activities, which, according to your request, may be organized in our relaxing private woods or **our glass room with gym**, surrounded by olive trees. Guests can also experience Apulian traditions by taking part in themed cooking classes and food and wine tastings.

N. 3 Executive Suite: Surface: 45 sqm

Number of people: Maximum 2 people Bed type: Queen size

Suite arranged in high Cummerse with exposed stone. It has been designed to accommodate guests in a refined atmosphere.
